Government has made significant allocations to promote innovative financing for climate change and ensure environmental sustainability. In the initial stage, the focus will be to increase output and productivity in the agriculture sector. Government’s focus will be to diversify the economy and ensure tax revenue grows. 

**Macroeconomic Objectives, Policies and Strategies for 2022**

- Attain a real GDP growth-rate of at least 3.5 percent; 
- Reduce inflation to single digits by end 2022 and within the target band of 6-8 percent by mid-2023; 
- Limit international reserves to at least 3 months of import cover; 
- Increase domestic revenue to not less than 20.1 percent of GDP; 
- Reduce the fiscal deficit to no more than 6.7 percent of GDP; and 
- Limit domestic borrowing to no more than 5.2 percent of GDP.

**Thematic Areas**

**Economic Transformation and Job Creation**
- In the initial stage, the focus will be to increase output in agriculture, tourism, mining, manufacturing, energy and transport sectors to grow the economy and create job opportunities, especially for the youth.
- Economic transformation will entail shifting resources to activities of higher productivity both within and across sectors of the economy.

**Human and Social Development**
- Government has made significant allocations to education, skills development and health.
- Government has also scaled up allocations to water and sanitation as well as provision of social safety nets.

**Environmental Sustainability**
- Government’s focus will be to strengthen climate change adaptation and mitigation, promote sustainable natural resources management and enhance the coverage of early warning systems.
- Government will ensure that the country’s social and economic activities are sustainable and efficient.
- To promote innovative financing for climate change interventions.

**Good Governance Environment**
- Priorities in this area will be the fight against corruption, strengthen the role of law and ensure sound public financial management.
- Resources will be taken closer to the people through decentralization.
